

I would like to take this opportunity to thank all the Pipers throughout the World for their generous support and participation in Battle's Over - A Nation's Tribute 11th November 2018, being organised to commemorate the 100th Anniversary of WW1.

Their involvement in this unique, historic tribute to the millions that either died or returned home dreadfully wounded during or after the War ended on 11th November 1918, is truly amazing to say the least.

The playing of Battle's O'er at 0600 by over two thousand eight hundred Pipers, at individual locations around the World will be marked in history as one of the most moving occasions of all time, and those taking part should be congratulated for the part they have played in the commemorating of the 100th Anniversary of WW1.

Over 2,000 Pipers died during WW1, so their involvement also pays tribute to them too.

My special thanks go to Stuart Letford, The National Piping Centre, and Robert Procter, CastleTrek & City of Leeds Pipe Band, for the amazing part they have played in assisting me with this unique aspect of these important commemorations, ensuring we involve the family of Piping around the World.

Bruno Peek LVO OBE OPR
